The Honorable W. F. Raborn, Jr.  
Director  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Admiral Raborn

I should like to confirm the results of recent conversations with your staff by representatives of the Air War College and welcome your nomination of a speaker on the subject, "The Chinese Communist Scientific and Technological Potential."

This presentation is scheduled for 0830 hours on Wednesday, 13 April. The College has planned two fifty-minute lecture periods followed by one fifty-minute question period. However, this arrangement can be modified as necessary. The attached draft instruction circular will show the relationship of the lecture to the course and will provide a suggested scope for this period of instruction.

Since we like to include biographical sketches of our distinguished lecturers in the instruction circular, we would appreciate your designated speaker completing and returning the attached form.

The present Air War College class consists of four Royal Air Force and one Royal Canadian Air Force officers. All of these students have a Top Secret clearance from their own governments. However, these officers can be excluded from the presentation if the classification warrants.

Well in advance of the date of the lecture, a member of the Air War College staff will contact the speaker concerning transportation arrangements.

Thank you for your continuing support.

Sincerely
